Weather Delays: In the event of a late open, the 9am finals will move back by the number of hours opening is delayed (e.g. a 10am open starts finals that day at 10am, with the rest of the blocks starting at the designated time). A two-hour delay will result in 9am exams starting at 11am, 2pm exams starting at 3pm and 7pm exams starting on time.

Conflicts: No student may be required to have three final exams in a 24-hour period. Blocks with a significant chance of conflict are highlighted. With this schedule, there is a chance that a student will have multiple exams scheduled in the same block. Faculty should be prepared to offer alternate exam times for students with conflicts or 24-hour rule issues. A student with a final exam conflict between classes or who will have three exams in a 24-hour period must contact their professors for relief by the last day to declare a W. If the faculty members involved cannot come to agreement on scheduling the student's exams, the class with the earliest meeting time has first priority in scheduling their final.
